To	Protocol and Compliance Review Cell
Date	22 June, 18:40
Subject	LuxEvent Secure arrangement - review after weekend

Following the National Day programme, please prepare a full review of the LuxEvent Secure arrangement. The renewal pattern, repeated scope extensions and the personal closeness of certain coordinators to the supplier must be examined.

This issue should be raised on 24 June, after the public events have concluded. Preserve all access, badge and supplier-contact records from the weekend.

The review should cover both procurement regularity and any payments routed to coordinators outside the standard schedule.
