Temporary Badge Handling Memo

Policy owner	Operations desk
Applies to	Temporary event and retreat badges

Temporary badges collected at the Operations desk must be logged, stored and deactivated immediately where loss or recovery is reported.

Badge #0017, assigned to D. Rinaldi, was reported lost on 21 June. The badge was not deactivated and remained usable until at least 00:42 on 23 June.

Only Operations had routine custody of recovered and spare temporary badges during the retreat window.
